This Community Cat meeting is open to anyone with an interest in helping free-roaming cats in Maine. Whether you are involved with a shelter or rescue, a feral caretaker, a veterinarian or technician, an Animal Control Officer or town official- we hope that you will join us and be part of a solution for community cats!

During this meeting we will share what projects, programs and activities are currently being done in the region, focusing on owner education, spay/neuter and medical care. We will identify areas where cats need more help and discuss collaborative options to provide that assistance and help reduce free-roaming cat numbers. This meeting is one of many being hosted in Maine, so please get involved and be a part of the community cat solution!
