

Stevie and Sam

Hi ARL!

We couldn't be more pleased with the new addition to our family! Jemma, who we re-named Stevie, is doing really well. She gets along great with our dog Sam. We've been feeding her lam's kitten food, both dry and wet, and she has a great appetite! We called the Animal Hospital and she'll be going in for her rabies shot in a few months. She's full of energy during the day and turns into a little cuddle-bug at night, just like we wanted! Here's a few pictures from the first week we brought her home...Thanks for checking in!
