

Sully ~ formerly Spiro

Here is our success story of our first (but not last) adoption!

Sully (adopted July 2, 2011) -

We first met Sully just after we lost our first guinea pig Milo. Milo was our first baby and when we got him 5 and a half years ago, we had no idea what having a guinea pig was all about. It was the best decision we ever made and in a short time we were committed guinea pig owners for life. After treating Milo for heart disease for a year and a half, he passed away in late June.

About a week after Milo passed away, we decided to bring his remaining food, hay, and bedding in to the ARL to donate, and as usual stopped in to visit the guinea pigs they had. The heartache we felt after losing Milo made us reconsider our feelings of being “forever guinea pig owners” and we certainly had no intention of adopting at that time; but our hearts melted when we saw Sully (formerly Spiro). Sully was very scared and skittish as he looked up at us with his handsome almond eyes, but as soon as we picked him up he was a talkative guy who just wanted a family to love and trust. The next morning we returned to the shelter and brought our Sully bug to his forever home. He is loving, fun, and a gentle soul and we are so happy to have him in our family.
