

This is the amazing story of Liesl and her brood of kittens. Liesl and her teen aged daughter Gretel came to our home very pregnant. Here's Liesl.

And the lovely Gretel.

Not long after Liesl and Gretel came home, Liesl gave birth to three yummy kittens, and Gretel had two adorable kittens. And the story gets better! Two little orphan kittens, just a few days old, made their way to the ARL at the same time. Liesl and Gretel welcomed the two babies into the family.

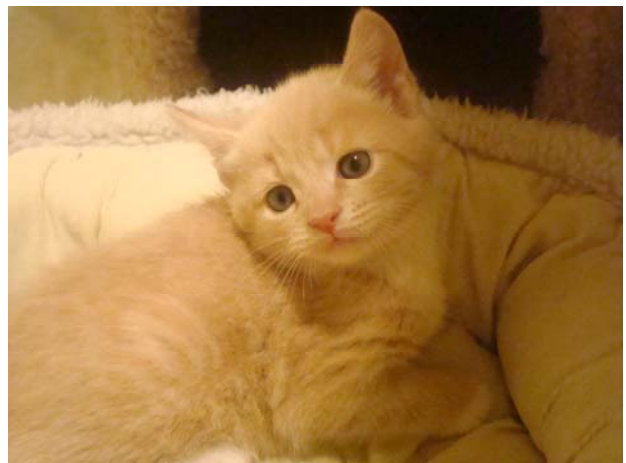

The cuteness factor was almost too much, as you can see.

Fostering this group of kitties was so much fun, and especially rewarding. We were fortunate to be part of their lives. This story had a very happy ending. Liesl was even adopted with Ralphie, one of her adopted babies.
