

# Mindy Le aka "Atti"

I just wanted to share my story and thank the Westbrook Animal Refuge League for letting Mindy Le into our lives. We recently lost our two Kitties within six months of each other, one from cancer and one from pancreatitis, they did live long lives, but it has been very hard and we really decided we weren't going to get another kitty and that was, of course, until we walked into the Windham Aubuchon Hardware store and saw Miss Mindy. The rest is history, both my husband and I fell in love with her and couldn't get her home quick enough. We went through the process, and please know that for us to walk into the ARL is very hard, I become a crying idiot and if I could I would bring them all home.

We finally, brought Mindy Le home and within a couple of hours she came out and started sniffing everything in sight, and of course, I had gone and bought every toy and bed in sight and a little laser flashlight so she could chase the light around, because you see, after sitting in that cage for so long she developed a little bit of a belly. Mindy has wrapped us right around her furry little paw and crept into our hearts and we are so glad we did this. The biggest change has been her nick-name, which is Atti because she is a girl with attitude and personality that keeps us in stitches. She even took a ride in the car and went to camp for the weekend and even though she wasn't quite sure if she liked the ride so much she did pretty good and settled in. Once she got to camp she just didn't know which window to go to and watch all the squirrels, chippies and ducks.

Again, thanks to all you at the ARL for giving us this opportunity and for all you do, I commend you because what you do takes a lot of heart and dedication. Miss Atti has a good home and will be loved more then you can imagine.

XO  
Sherry & Jim
