

Miso

An AMERICAN KENNEL CLUB Program

Woof! My name is Miso and I am one of the “Buxton puppies”. As you can see I’m a very handsome guy and, I will tell you, I’m also extremely smart. Some say I have a rather high opinion of myself!

After being in a foster home I arrived, at nine weeks of age, at my forever home where I live with my guardian and three other adopted dogs. It was not at all difficult to wiggle my way into the pack, and in a short time I had total control of the scene.

Then things changed when I was rushed off to Puppy Kindergarten Training at Avant Garde and then on to higher education at the Animal Refuge League where I received my Canine Good Citizen Certificate last May. I plan to continue my training at ARL and hope to reach my goal of being a therapy dog.

I believe I was asked to tell about some of my difficulties or challenges, but after long and deep thought, I am unable to come up with anything! Oh yes, I displayed my stubborn streak when I refused to do “down” on cue in class, but I quickly figured out that I would not receive a certificate if I did not cooperate, so I gave in!

I hope you have a wonderful summer!

Miso – the too tall toy poodle with a tail!

Hey, I'm smart too!
