

Quentin

We (myself and my boyfriend Jeremy) never DREAMED we would get such a PERFECT dog when we decided to adopt. Quentin is completely well mannered and loves people, dogs, children, etc (basically anyone with the ability to pet him!). He gives kisses non-stop and just loves being by our side. He sleeps in the bed with us every night - even has his own pillow (a memory foam one!).

I just can't say enough about how great Quentin is. He is a happy dog (tail is CONSTANTLY wagging) and we are happy dog parents. I'd like to thank you all for everything that you do. When the time comes we will definitely be looking to the Refuge League for another dog.
